CORPORATE
WELLNESS PACKAGES

Health benefits
for your team

WELCOME

Thank you for your interest in our corporate wellness packages.

Did you know exercise is shown to reduce stress, combat fatigue and increase morale? It can also lead to fewer workday absences and reduce the risk of being injured on the job, as the body and mind are more alert, constructive and physically able.

As an organization, that's great news for you! Providing your team members with access to a state-of-the-art fitness centre will help improve job performance, as well as increase employee satisfaction and encourage work-life balance.

Opened in 2018, VTAS Fitness Centre is a modern facility with a variety of cardio and strength training equipment, as well as 24-hour access. We can offer a range of discounted membership options to suit your needs in an effort to support your employees' health and well-being.

We encourage you to review the following corporate wellness packages and contact us at your convenience for further discussion.
